LOCAL MATTERS.

More good news from C. E. Bowles, in this column.

Wolf, buffalo and goat robes, at James Fathens, corner Court and Main streets.

I. O. Brownell, 51 North Main street has received a car load of choice winter apples, R. I. Greenings, Spitzenburbs, N. Spy, Baldwin's, etc., packed for him in Michigan orchards. Look at them before buying your winter fruit. Prices reasonable.

All kinds of harness, blankets and lap robes, at James Fathens.

For the latest novelties call at Sutherland's bookstore.

All the new styles of winter garments at Archie Reid's.

Let me whisper to inquirers for good homes that I have for sale in this city, a goodly number of desirable residences at prices as follows: One at \$1,800, one at \$2,000, one at \$2,800, two at \$3,000 each, one at \$3,200, three at \$3,500, one at \$3,800, one at \$4,000, three at \$4,500 each, and a number at these prices ranging down to a few hundred dollars. C. E. BOWLES.

Loss.—In this city Saturday, the 24th, a small chamois skin package containing papers of value to the owner only. The finder is requested to leave it at this office and receive a suitable reward. Mrs. MRS. LITVAK.

STRAYED OR STOLEN.—A fine mouse-colored hound. Information leading to recovery will be thankfully received. A. E. Behan's, 1 Main street.

Children's cloaks cheapest at Archie Reid's.

Ladies you can save from 15 to 25 per cent by buying your cloaks at Archie Reid's.

House and lot, corner Jackson and Wall streets, for \$1,300.

HOUSE TO RENT.—On South Academy street. Enquire of J. A. Tice.

The laundries have come, and they are a fine lot; 50-cent goods for 25 cents. PRITCHER & ZIEGLER.

The best styles and the largest stock of cloaks in the city to select from is at Archie Reid's.

Fifty new silk garments received this week at prices that none can match. See them at Archie Reid's.

Two houses and lots for \$700 each, for sale by C. E. Bowles.

W. C. Holmes & Son have made large additions to their already big stock of new and desirable goods, and will not be undersold by any parties. Call and see the bargains offered in any department. The goods will speak for themselves. Please call and examine everything in the store at rock bottom prices for cash.

Children's cloaks a specialty at Archie Reid's. Twenty styles to select from and at prices that defy competition.

Cloaks, cloaks, cloaks.—Ladies if you intend purchasing a cloak of any kind, stop into Archie Reid's and examine the immense stock and if price is any object you will buy.

White mole skin velvet for painting at Mrs. PALMER'S.

Best values in ladies' and children's all wool scarlet underwear at New York Savings store. Our \$1.00 grade men's underwear is very fine and heavy, equal to the usual \$1.25 quality.

HATS.—Stiff hats, soft hats in fur, saxony or wool. All prices and sizes at Pooe & Wilcox.

An entire line of strictly fresh crackers, from the lowest to the highest price, at Dennison's.

Headquarters for foreign and domestic fruits, at Dennison's.

Pure sugar candy; choicest confections at Dennison's.

C. E. Bowles has money to loan.

Be sure and see the Garland store before buying any other. METCALF & GOWDER.

Eldredge keeps a fine line of cigars and toilet goods.

The pocket atlas is replete with detail information on every subject of general interest and is a complete geography showing the relative positions and size of every body of water and land on the globe.—Given away with every full suit of clothes purchased. PRITCHER & ZIEGLER.

Holmes & Son will save you from 50c to \$1.00 on a hat. An inspection of their stock will satisfy you.

Now is the time to buy your underwear. The place to buy it is at Pooe & Wilcox's. Scarlet wool from 75 cents up.

The finest assortment of fancy baskets at Sutherland's bookstore.

Remember that you can find—any kind of an overcoat you want at our store. We have all grades in all styles suitable for all classes—at uniformly low prices. PRITCHER & ZIEGLER.

A light colored, dark trimmed bed room suite at Sanborn & Daniff's second hand store; also a black walnut secretary good style and in good condition.

Your stock of clothing would do credit to Milwaukee or Chicago, is a remark often made to us by parties purchasing goods at our store. PRITCHER & ZIEGLER.

Comb and brush sets in case \$1.50; colored glass water set \$1.50. The Rochester lamp gives the biggest light. No family should be without a filter; makes crystal water as pure as spring water. For sale at Wheelock's.

Examine our stock of fur caps, underwear, honory, shirts, collars, cuffs, mufflers, silk and linen handkerchiefs and all kinds of gentlemen's goods. We will make it an object for you to trade with us. Respectfully, W. C. HOLMES & SON.

BREVETS.

All skate to music at the rink to-night.—"Yo, Us & Co." at the opera house this evening.

Bow City Band at the Rink to-night. Admission, 15c.

Attend the St. Mary's church fair at the Guards' armory this evening.

Steele & Smith skate on skate 36 and 72 inches high Thursday evening Oct. 29th.

Janesville City Lodge No. 90, I. O. O. F., occupy Odd Fellows' hall this evening.

Oriental Lodge No. 22, Knights of Pythias, regular weekly meeting this evening.

Drop in the Guards' armory this evening. The fair in progress there will be worth attending.

The Choral Union rehearsals which have been held on Tuesday evenings will hereafter take place on Wednesday evenings at the same place.

Steele & Smith, the great trick and acrobatic skaters, who made a great hit at the rink last winter, will appear again on Thursday evening of this week.

Mr. W. Henderson, business manager of Wa, Us & Co., was a caller at the Gazette office this afternoon. His company appear at the opera house this evening.

The Rink Co. struck a popular chord when they decided to make no charge for rink skates or use of the surface on nights when they do not have music.

This morning work was commenced on Mr. R. W. King's house on Milwaukee avenue. It is to be a two story frame building and will be finished as rapidly as possible.

The members of Oriental Lodge No. 22, Knights of Pythias and their families will enjoy a social reunion at their hall on Thursday evening. Music, games and dancing will be the order of the evening.

The two criminals who were sentenced to twenty and two years respectively at the Monroe county court last week, the one for murder and the other for burglary, passed through this city to day on their way to Waupun.

The Rook county board of supervisors will meet at the county clerk's office at two o'clock p. m., Tuesday, November 10th. The committee on equalization will meet at the clerk's office November 4th, at 11 o'clock a. m.

All the members of W. H. Sargent Post No. 20, wish to desire to attend the golden wedding of Judge Ayers, of Harvard, on Thursday evening, are requested to meet at post headquarters tomorrow evening, at eight o'clock.

The extra edition of the Weekly Gazette will be mailed again this week. This is a desirable medium for reaching the farmers of Rook county. Advertising matter for the weekly must be in the office as early as ten o'clock a. m., on Wednesday.

The Gazette is always hungry but seldom thirsty. Some thoughtful members of the Angle Worm club appreciating the situation, favored the office with a fine saddle of venison, which arrived by express this noon. It is safe to say that there are less untamed deer in the wilds of northern Wisconsin than there were ten days ago. The boys report a pleasant time and plenty of sport.

The fair, under the auspices of St. Mary's church society, in the Guards' armory, opened last evening, and will continue, afternoons and evenings, during the week. The Catholic choir band furnished the music. There are many articles on exhibition, which will cost but ten cents to look at, and all will be made welcome to venture a chance, on articles of use and ornament. Encourage the society, by investing in a "lucky number."

The funeral services of the late Daniel Schofield were held at the family residence in the fourth ward. Yesterday afternoon at three o'clock. Rev. Dr. Hodge officiated and endeavored by his feeling remarks to assuage the sorrows of the relatives and friends. A beautiful song service was rendered by Mrs. C. B. Conrad, Mrs. J. W. St. John, Mr. Frank L. Hayden and Mr. Herbert Baker. The remains were then taken to Oak Hill cemetery for interment. On W. A. Lawrence, J. C. Fredendall, C. J. Antield, Wm. Payne, Henry Zander and Deacon Kelly acting as pall bearers.

The Racine Journal, speaking of Metcalf's "We, Us & Co." who appear at the opera house this evening, says: "Turner hall was packed to its fullest capacity on Saturday evening, by an audience gathered to witness the above-named musical absurdity. The play contained nothing striking, but abounded in comicisms. The singing by Messrs. Marti Croker and Julia Christian, and Messrs. Dickson C. Perry, was noticeably fine. The size of the audience demonstrated the fallacy of the general opinion that it was impossible to secure a first class gathering in Turner hall."

Last night at ten o'clock the party of deer hunters who have been spending the past two weeks in the northern woods, returned to their homes. Their postoffice address during the hunt has been somewhere near Ellis Junction, Wis., but although the postmaster kept on the run most of the time the only chance he had to deliver a letter was when Sunday came and deer-slayers returned to camp for more cartridges. The shooting this year has not been very good and the score for the entire party is only twenty-seven, but they all enjoyed themselves and return fully satisfied with the excursion.

Sheaff Hawthorn received notice to-day to look out for Andrew J. Howard and A. D. Son, who escaped from Waupun yesterday morning. Howard was a life prisoner, having been convicted of murder in the first degree, and had already served seventeen years. He is thirty-eight years of age, light complexion, with blue eyes, red mustache, and brown hair, and weighs about one hundred and sixty-five pounds. The other is only in for seven years. He is also thirty-eight years old, both hair and eyes brown, weighs about one hundred and sixty pounds, and is clean-shaven. Howard may be distinguished by the first finger of his right hand, which is bent, and has no finger nail. The two escaped by sawing through the bars. It is expected that they will come to this part of the state, as one of them has friends here.

The two one-horse four-wheeled horse carriages, ordered from the Sibley man-

THE WATER WORKS.

Manufacturing company, of Seneca Falls, New York, arrived this morning, and are now at the engine houses awaiting an official inspection by the fire department committee of the common council and aldermen. After the carriages arrived at the engine houses the equipments were put upon each, and they were taken to the Mardock scales at the corn exchange and weighed, the No. 1 carriage weighing 1940 pounds and the No. 2, 1930 pounds. With the addition of the men and one thousand feet of hose the entire weight will be about two tons. The carriages are beautiful, and citizens who observed to be on the streets this morning while they were being taken from the cars to the engine houses remarked that they were "daisies." The only difference between the two carriages being in the painting.—The running gear of No. 1, being of a light color, while that of No. 2, is a vermilion—two persons agreeing as to which is the handsomest. The contrast is a good one as it gives the firemen a better opportunity to identify their respective carriages in the night time.

PERSONAL.

Miss Eleanor A. Cross, of Milwaukee, is spending a few days among friends of this city.

Mrs. N. Smith went to Chicago this morning and will spend most of the week in that city.

Mr. and Mrs. George A. Priteland were yesterday gladdened by the arrival of a young lady in their family.

Miss Kate Kennedy, of Clinton, this county, is visiting her sister, Mrs. A. C. Rice, 23 Cherry street, fourth ward.

Mr. W. C. Holmes returned from Chicago last night and will soon receive a large stock of goods which he has been buying.

Mrs. G. H. Watson, of (Herkimer, New York, is in the city visiting her sister, Mrs. Dr. George G. Chittenden, North Academy street.

A NEW SHOE FACTORY.

An Establishment Devoted Entirely to the Manufacture of Ladies' and Children's Shoes.

A representative of the Gazette was shown through the rooms occupied by Richardson & Marshall as a shoe factory. The establishment occupies two-thirds of the upper story in Capt. Pliny Norcross' River street block. It will turn out nothing but the finest grade of ladies' and children's shoes.

Most of the machinery is of the latest pattern, built especially for such work and will be operated by skillful workmen, those who have been brought up in the business. Nothing is to be used excepting the best grade domestic and imported leather.

The first room is devoted to the office and the tanning or bottom department, and is sixty-six feet long by forty feet wide. In the latter there are eleven machines, including the edge scrapers, heel finishers and bottom polishers. Next comes the fitting room, thirty-three feet wide by forty six feet long, and is provided over by Mrs. F. M. Marshall. Here are fourteen sewing machines and one Reese button-hole sewer. This ingenious piece of mechanism occupies only about two feet of space, but costs the round sum of \$1400. It is a marvelous invention, and comes as near thinking for itself as anything not alive can. In this room all the tops are finished, linings sewed in and button holes made.

Last of all, but really coming first in the manufacturing process, is the cutting room. There is in the bottom department, Mr. F. M. Marshall has charge. He is a practical shoemaker of great experience; has been connected with several of the largest manufacturers of fine shoes in the east, and superintended the cutting in the Janesville boot factory. He has made a special study of fine, light work, and so he will take entire charge of the cutting department, the work turned out will undoubtedly be first class. While he attends to the practical details, ex-Mayor Alex. Richardson will look after the business matters. Having disposed of his interest in the St. Julien Cross-Spring company, he will devote his entire attention to this enterprise.

When in complete running order, seventy-five hands will be employed. At the start they will be brought here from New York state, but workmen from this city will be put in from time to time, as soon as everything can be arranged. The factory will have a capacity of four hundred pair of shoes per day, and will open up about the first of November.

WE, US & CO.

Metcalf's "We, Us & Co." one of the most humorous and at the same time most moral of the musical absurdities will be presented at Myers' opera house this evening, for the first time in this city. The play is a satire on the profession of medicine, and the situations are novel and ludicrous. In "The Tourists in a Pullman Car" Mr. Metcalf was the pioneer of that class of entertainment which has, to a very great extent, supplanted farical comedy. So successful has Metcalf's latest production been that in every city where the piece has been produced it has been greeted with crowded houses. In Columbus, Ohio, which is regarded as one of the dullest cities for the theatrical performance in the United States, the receipts were over \$6,500 in one week; over \$12,000 was taken in during a week's engagement at the Chicago opera house. Among the company engaged in the presentation of "We, Us & Co." are some of the very clever comedians. Mr. Dan. El Fitzpatrick, an Irish comedian of acknowledged ability, assumes the eccentric role of Knox Danlop. The other character parts in the piece are in the hands of Messrs. Eugene O'Rourke, Matt Holmes and Al. Dickson. Miss Robin Merry, a charming young soprano, from the Nevada theatre, London, in the role of Bella, has received very favorable mention from the press. A strong feature in the production is the Ideal quartette, composed of Miss Crocker, soprano; Miss Christian, contralto; Mr. Al. Dickson, bass, and Mr. Nat Perry tenor. The company is a very large one, and if we may judge from the enormous success achieved by the play everywhere, it should not fail to attract a large audience to-night. The seats will be sold at 75, 50 and 25 cents.

Music at the rink every Tuesday, Thursday and Saturday.

THE PROGRESS MADE BY THE BUSINESS MEN'S ASSOCIATION.

Another Enthusiastic Meeting in Favor of the Enterprise.

Additional Efforts to be Made to Secure the Signatures of a Majority of the Tax-Payers.

Adjourned to Saturday Night.

The rooms of the Business Men's association were crowded last evening, giving evidence to the fact that the interest in the question of water works is not waning.

President Norcross reported for the various committees appointed to secure signatures to a petition favoring water works and stated that between six and seven hundred names had been secured. Some members of the committee had been unable to work but all who had circulated petitions reported favorably, and while a variety of opinions existed as to whether a private company or the city should construct and own the works, but few men were found who opposed the enterprise. Public sentiment seemed strongly in favor of water works.

The report of the committee was accepted, and the committee discharged. After some discussion it was decided to continue the work of circulating the petitions until Saturday evening, and as it was difficult to find men who were willing to devote their time to the work, the association, by vote, appropriated a sum not exceeding fifty dollars for the purpose. Some of the councilmen were present, and stated that the names of tax payers only would be necessary in enabling them to determine what contra to take, and a committee was appointed, consisting of Messrs. A. P. Bennett, M. M. Conant and Clarence L. Clark, to assist City Clerk C. E. Church in compiling a list of the tax payers for use by those appointed to secure signatures.

This business being disposed of, Dr. Palmer read a report of an analysis of some water he had taken from the driven well at Spring Brook, made by Prof. Edward S. Wood, of Harvard University, as follows:

PAID PER 100,000 OF WATER (BY WEIGHT). Free ammonia..... 0.000 Alumina..... 0.000 Chlorine..... 0.000 Residue..... 0.000 Total..... 0.000

Under the head of "remarks" the Professor says: "This water is remarkably free from organic matter. Almost the whole of the residue consists of calcium carbonate (chalk) which gives to it its high degree of hardness, and renders it turbid when boiled. The water is not suitable for boiler purposes, but is absolutely free from organic contamination and can be used for drinking."

The above figures express parts per 100,000 gallons of water and the result of the analysis shows the water to be purer than the Rockford artesian well water. The sample sent to Boston was from the same source as that analyzed by Prof. Smith, of Beloit college. Prof. Wood's authority as a chemist is not excelled in the United States.

The report having been circulated that the local water works company were manipulating the building of works in this city in order to make money out of the franchise, Levi B. Carle, Dr. Henry Palmer and W. T. Van Kirk, of the home company, emphatically denied the report, each stating that the company was willing to turn their franchises over to any company or the city, if they would put in the works, and that such a proposition was now on file with the city clerk.

The meeting, while not as large as some of the previous meetings held, was very enthusiastic in favor of building the works, and will do all in their power to gain a fair expression of the tax payers on this question.

The meeting adjourned until eight o'clock on Saturday evening, to hear the reports of the committees appointed to obtain signatures, and take such further action as may be deemed proper.

THE WEATHER.

At seven o'clock this morning the thermometer indicated 45 degrees above zero. Cloudy with north wind. At 1 o'clock p. m. the register was 48 degrees above zero. Cloudy with north wind. For the corresponding hours one year ago the register was 33 and 43 degrees above zero.

See Steele & Smith in their great song and dance and duets on skates Thursday evening.

Crystal Temple of Honor No. 22.

At the regular meeting of Crystal Temple of Honor No. 22, the following officers were duly elected for the ensuing term:

W. C. T.—Robert Clark.

W. V. T.—William Truckwood.

W. R.—E. T. Warren.

W. A. R.—M. S. Richardson.

W. F. R.—M. Ott.

W. T.—Levi Cannell.

W. U.—J. L. Vanvankle.

W. D. U.—J. Harrison.

W. G.—J. A. Bates.

W. S.—E. Vanvankle.

With feelings of gratitude I send you my testimony with regard to your remedy, Athlophoros, for rheumatism. As far as my experience goes I recommend it to sufferers to that complaint. Lewis Bliss, aged 78 years, Mt. Carroll, Ill.

An Appeal to Tobacco Growers and Dealers.

To the Tobacco Growers and Dealers of the Northwest:

GENTLEMEN:—At a mass convention of the tobacco growers, held in the city of Janesville, Wis., on the 15th and 16th of Oct., 1885, it was resolved to organize the Northwestern Tobacco Growers' and Dealers' Association.

The great object of the organization is to bring such influence upon congress as will impel it to amend the present law taxing Sumatra tobacco, and increasing it so far as to protect American growers from competition with the cheap labor of China, which is secured by the Dutch East India Company at five to ten cents per day. Without protection this cheap labor means death to the production of American leaf tobacco.

According to a statement of the pro-

secretary of the treasury, only 38 pounds of Sumatra tobacco were imported in 1880. In 1883 we received 3,818,931 pounds. For the six months ending June 30th, 1885, the importations were 2,217,917 pounds. At this rate the importations of Sumatra for 1885 would reach the enormous amount of 4,436,834 pounds, equaling in wrapping capacity of Wisconsin tobacco, 17,743,330 pounds, an amount equal to one-third of the wrappers of the whole northwest.

The island of Sumatra is equal in area to the territory of Dakota, is situated under the equator, has a rich soil, and vegetation grows spontaneously. It has the great islands of Borneo and Java on the south and southeast, with India and China on the north. Upon the former the Dutch Co. can grow tobacco; on the latter, draw an unlimited amount of the cheapest labor.

We Americans can not compete with this labor. It means the complete destruction of the tobacco industry of this country, unless congress comes to our relief. This we will demand from our representatives. Every grower and dealer should enroll himself as a member of the society and help to protect his own interest. Local committees have been appointed for most localities, but any one can become a member by sending his name and membership fee of one dollar to Mr. C. B. Conrad, treasurer of association, at Janesville, Wis.

PAINT NOBACHES.

S. L. LOAN, C. B. CONRAD, A. M. VENTURINE, J. M. ESTES, J. S. HUBBARD, H. C. ADAMS, W. D. ROAND, F. J. COLEMAN.

Executive committee Northwestern Leaf Tobacco Growers' and Dealers' association.

The Baldwin Tomb.

Mrs. A. W. Baldwin, of the third ward, widow of the late A. Webster Baldwin, for so many years the popular clerk of the Rook county circuit court, has just completed a family tomb at Oak Hill cemetery. The tomb is located near the gate at the east side of the grounds, and a few rods in front of that built by Dr. S. S. Judd. The architecture is of the composite order, is beautiful and substantial and will endure when monuments crumble to the ground. The style adopted is of the latest and best plans, with white panels of Italian marble, while the pilasters are of blue clouded Sutherland Falls marble, all from Vermont. Upon the panels is inscribed the name of A. Webster Baldwin, date of birth and death, and also one of the children, and abundant space remains for the remainder of the family. Above the door is a large sunken panel, bearing in raised letters the name "BALDWIN" and on either side of this is some handsome scroll work of blue-clouded marble. The crown and double cross, representing the beautiful emblem of the Knights Templar, stands out in bold relief as the crowning beauty of this artistic design. The walls of the tomb are built of heavy stone, two feet and a half thick and are imbedded in cement. The ceiling is flat, and is made of heavy stone supported by horizontal bars of iron. There are two doors, an outside and an inside door, the outer door being of stout bariron and the inner door of white marble. The remains of the dead will be placed on benches along the side of the tomb. The size of this tomb is a trifle smaller than that belonging to Dr. S. S. Judd.

Mr. F. A. Bennett, our local marble dealer, is responsible for the beautiful appearance of the marble work, while the mason work, which has been done by a master hand, is credited to Mr. John Airis, who has a first class reputation for doing this kind of work.

A Sonnet to Mice.

Of health it's to be found in Dr. R. V. Pico's "Favorite Prescription," to the merits of which I can only refer for female weakness and kindred afflictions, thanks and testify.

Mugs Landing.

The above comedy will be produced at Lippin's Music hall on Wednesday and Thursday evenings of this week, under the management of Messrs. Johnston & Crawford, the lessees of the hall, it being the "opening of the season" in Janesville. Of this company and play, an eastern exchange says:

"Mugs Landing" a comedy drama of the better class, was given its initial presentation last night at the opera house to a large audience. The play, to use a favorite expression of McDowell, who personates Asa Beck, the land agent, is "a very good thing." The interest is maintained until the close, when the rights of Little Mugs are fully sustained. Miss Frances Bishop as Little Mugs was most successful and secured as the audience, the hearty commendation of the audience. The impersonation of the character is not overdrawn, as it often the case, and this is its greatest merit. Over-throwing with buoyant spirits that cannot be repressed, the brilliant young actress was forgotten so thoroughly did she personate "Little Mugs." The drama has the merit of being pure, clean and elevating, affording opportunity for the introduction of bright songs and dances. Miss Burp has a brilliant future on the stage, her abilities being conceded by the successful portrayal of the character assumed last evening. Alf. McDowell, as Asa Beck, land agent, is one of the successful comedians of the day, and with an established reputation that at all times secures for him a cordial welcome. George H. Becker as Soger Juddson successfully personated this humorous character. The support throughout was excellent, and "Mugs Landing" will be, as it deserves a dramatic and financial success.

The greatest foe of American people is consumption; its victims number many thousands each year. Physicians and druggists have at last found a remedy which they feel justified in recommending. This is Dr. Bigelow's Positive Cure, which cures consumption in stages that other remedies are of no benefit. It cures cough, colds and throat and lung diseases speedily and safely. Price 50 cents and \$1.

Work boxes at Sutherland's bookstore.

A few statements on this Year's Crop in Leaf Growing Regions.

JANESVILLE.

Nothing has been done this week except in the retail trade. Several of our dealers are constantly sending out a few cases at a time to manufacturers, and fair prices are realized for such lots.

The season for stripping is now nearly at hand and growers should take care not to let tobacco hang too long in the sheds. The leaf is cured when the rib shrinks and is colored the entire length. Hanging longer gives it a woody texture, while if taken down sooner than that, it will be unfit to pass through the sweat.

It will probably be left to the farmers this year to sort their tobacco and they should remember that while paying due attention to length, color and soundness, the quality of the leaf must be also looked after. In this one point lies much of the difference between farm and warehouse sorting. The medium grade wrappers must not be of poor quality but of smaller size, goods which are of color or of inferior quality do not belong in the wrappers. There has been this year and will continue to be a demand for domestic binders and these have been snapped up at good prices. If this sorting is well done we shall have a very good crop. "Bradstreet" says that this year's Wisconsin is about like that of last year with a largely increased acreage. The table given is as follows:

Acres. Pounds produced.

1884, 1885, 1886, 1887, 1888, 1889, 1890, 1891, 1892, 1893, 1894, 1895, 1896, 1897, 1898, 1899, 1900, 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, 1949, 1950, 1951, 1952, 1953, 1954, 1955, 1956, 1957, 1958, 1959, 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970, 1971, 1972, 1973, 1974, 1975, 1976, 1977, 1978, 1979, 1980, 1981, 1982, 1983, 1984, 1985, 1986, 1987, 1988, 1989, 1990, 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008

The president has at last come to a proper conclusion. He concludes that he should spend more hours in working and fewer at interviewing.

Dr. J. T. Reeve, president of the state board of health, has issued a public card, announcing that there are reported cases of small pox at Colman, in the northern part of this state. It is said that three cases are traced back to Montreal.

The campaign in New York is exceedingly hopeful for the republicans. The democrats are resorting to the most desperate tactics to make out a case for Hill, but public sentiment is against the Tweed candidate, and there does not seem to be a fighting chance for his election. The bogus interview with Cook published in the New York Sun last Saturday, shows what desperate means the democratic leaders in that state will adopt to bolster up, what appears to them, a hopeless case. With the republican party united, with the 20,000 independents voting for Davenport, and with the disgust of hundreds of democrats over the nomination of Hill because of his dark record as a politician, there does not seem to be a possible chance for the success of the democratic ticket.

The most accomplished swindler ever arrested in this state is Leo Lequerenz, the professional scoundrel and pretentious geologist. He has been going from city to city, making addresses before high schools, claiming to have been sent out from the interior department at Washington for that purpose, and at borrowing books, money, and other articles and then leaving his creditors in the lurch. He has borrowed hundreds of dollars in different towns and cities, besides carrying off the most valuable books he could get his hands on. His specialty is paleontology, and in January 1884, he completely deceived Prof. R. P. Whitfield, of the American Museum of Natural History, probably the best paleontologist in the country. He then passed as E. P. Strong, of Fort Scott, Kas., and claimed to be a cousin of Moses M. Strong, of Wisconsin, who was drowned while descending the Diamond Rapids some years ago, in prospecting the Wisconsin geological survey. He next turned up in Philadelphia as W. R. Taggart and wormed himself into the hospitalities of Prof. Hayden of the United States geological survey. He carried off one of Prof. Hayden's most valuable books, besides borrowing \$200. Prof. Hayden afterwards learned that the same fellow had been to see him on a former occasion, and then borrowed \$200. He then wore black whiskers, and gave his name as Prof. T. S. Holmes, of Charleston, S. O. Under the name of Lee, in Cincinnati, he is said to have swindled one man out of \$300, and another out of \$100. He once called at the surveyors' office in Washington, and was invited to call again, when it was intended to arrest him, but he did not come a second time. He is really an adept in scientific scholarship, and by this means is able to disguise his real purposes. He reached the end of his rope in Milwaukee the other day, and is now doing a good deal of reflecting behind the bars.

The wheat speculators of this country live in hopes of seeing high prices for that grain before another harvest is gathered. Just on what ground they found these hopes is difficult to understand. There are less exportations of wheat this year than there were last year, and there seems to be poor prospects for an improvement in that direction. A late telegram from Calcutta states that there is a strong inquiry at that port for freight room for the exportation of Indian wheat. This is owing to the fact that London prices have a margin of two and a half per cent. over the home prices and serves to stimulate exportation. As the London prices are still below the views of American exporters, it is easy to see that the foreign demand for our wheat will be very limited for some time, unless there is a drop in prices corresponding with those for which the Indian wheat can be bought. A gentleman long engaged in studying the wheat markets of the world, especially that of this country, says that a view of steadily increasing supply of Indian wheat, it is fast becoming a question for American farmers to consider whether too much attention is not given to the growing of wheat in this country. If there is more wheat than can be profitably marketed in a year when the crop is exceptionally short it is very plain that in a good crop year the surplus must be very great unless the acreage is materially decreased. Fortunately the American farmer is not confined to the single crop of wheat for an exportable commodity. Indian corn is fast becoming popular in Europe, both as a cheap breadstuff and for purposes of brewing and distilling, and as the United States has a practical monopoly in the culture of this cereal the supply can be extended indefinitely without fear of competition. Being much cheaper than wheat even at low prices the demand is sure to increase rather than diminish. These facts admonish the American farmer that diversified farming is the safest and the best. There are many articles that can be raised here which will pay to export, but the time has come when wheat is not one of them.

A very mysterious escape from the Wisconsin state prison was made early on Monday morning. The prisoners taking a French leave were Andrew J. Howard and G. D. Starr. The former was a life member, having been convicted in 1867, of the murder of August Teesh, a young druggist of Milwaukee. Howard had an accomplice named Reed, and on conviction both were sentenced for life. Reed died in prison a few months ago, and Howard was employed as the prison bar-

ker. On Monday morning he was let out of his cell at four o'clock to begin his work, but before daylight he and Starr were missing. They had sawed through the bars of a basement window and thus entered the prison yard, but what manner they escaped the outer walls of the prison, which are forty feet high, is a mystery. It seems impossible for anyone without outside aid. The wall sentinels are taken off after the prisoners go to their cells at night and are not stationed again until they begin work in the morning, so that the escaped convicts passed out unobserved. It is very evident that Howard and Starr made quick work of sawing the bars, and in clandestine manner had been provided with tools for that purpose. Howard's description is as follows: 33 years old, light complexion, brown hair, weight about 160 to 165 pounds, red moustache, hair close clipped, right fore finger crooked from injury and without a nail. Starr was serving a six years' term for burglary. Starr is 27 years old, 5 feet 4 1/2 inches high, has light complexion, dark brown hair, light brown eyes, weighs 118 pounds, has a scar on right cheek, and is clean shaven. Howard once lived in Rock county, and has a brother now living in the town of Fulton.

**MONTREAL'S PEST HOUSE.**  
Revolution State of Affairs in a Small-Pox Hospital.  
MONTREAL, Oct. 28.—The statement of Mr. D. L. Beland, daughter-in-law of a leading Montreal physician, and who has just been discharged from St. Roch's small-pox hospital is published here, and discloses a revolting state of affairs in that institution. The doctors gave her no professional attention, and very little nursing. The cries of patients for water were often heartrending, and only met by the response to "Shut up." The stench is revolting and there is no doctoring. No attention is ever given to those who are sent to the black small-pox ward. The cases that come from that place are awful. \$250,000 is a case in which a doctor, when attending a patient, will give no relief to a patient and let him die unattended. The place is said to be infested with vermin. A committee of doctors have inspected the hospital, which will probably be burned, and all patients removed to the new Mount Royal hospital.

**MUSCLE IS KING.**  
How John Toomer, the German, Was Swindled with Lead Acetate.  
PITTSBURGH, Oct. 28.—Scores of people thronged about the champion swimmer, John Toomer, as he alighted from the train Tuesday, tendering congratulations and a hearty welcome. During his stay in the city he was the object of intense admiration. He mentioned to his home in McKeesport, where a large crowd met him at the depot and tendered him a reception in the striking suit. At 7:30 p. m. he was escorted to the hotel, where he was met by the principal sports. The burgess, members of council, police department and members of the press occupied carriages, while hundreds of citizens followed on foot. An escort of women was directed by Mr. Schorn. The route of procession was elaborately decorated for the occasion.

**Cincinnati Theatrical Litigation.**  
CINCINNATI, Ohio, Oct. 28.—Tuesday morning the district court again convened in the main case of the Cincinnati theatrical company, to hear the testimony of the witnesses. The case is being heard by Judge Campbell. The testimony of the witnesses is being heard by Judge Campbell. The case is being heard by Judge Campbell. The testimony of the witnesses is being heard by Judge Campbell.

**Grave and Shocking Charge.**  
ST. PAUL, Oct. 28.—It was some to the surface that Dr. Samuel J. Dickson, a dramatic leader of this city, has been treating Miss Daisy Barrington, daughter of Dr. Barrington, of this city, for spinal complaint, and has committed some time been improperly intimate with the girl by consent of her parents. The scandal crept out and people made it so hot for them that the girl and her parents have gone to Denver. All the parties used big here. Dickson is married, and his wife and three children are living at 224 Winchester avenue. The wife, it is said, has sued for damages. He was indicted for seduction by the minister in the past one time, but was expelled from the church.

**Arrested for Stealing Letters.**  
LOUISVILLE, Ky., Oct. 28.—United States Post Inspector G. C. Maynard has arrested Edward E. Cooper, postal clerk on the Jeffersonville, Madison and Indianapolis railroad, on a charge of robbing the mails. Cooper is an intelligent young man, who was appointed under the new Democratic administration. It is not known how much he has purloined, but the amount is supposed to be large. He was arrested on his arrival from Indianapolis Tuesday morning, and upon searching his valise Inspector Maynard found eighteen letters, among which were four decoys. Commissioner Crall held Cooper to answer in the sum of \$2,000.

**In Life's Decline.**  
Infirmitudes best us to which our youth and maturity were strangers. Weakness of the lungs, rheumatic ailments, dyspepsia, loss of appetite and anxious sleep, are among those. As a means of curing the infirmitudes of age, Host's Stomach Bitters is unrivaled. It quickens and enriches the sluggish and impoverished circulation, begets a hearty appetite and youthful relish for the food. It enables the stomach to digest it. It soothes and vivifies the nervous system and checks a tendency to rheumatism. Its quieting action upon the great sympathetic nerve, which connects the stomach with the brain, results in the speedy cure of the restlessness of night and disturbed sleep by day, which are the reflected manifestations of dyspepsia. It is the most effective antidote to the poison of malaria, gives a healthful impetus to the action of the kidneys and bladder and is an admirable means of regenerating vigor when impaired by overwork or other cause.

**A Lucky Man.**  
"A lucky man is rarer than a white crow," says Juvenal, and we think he knew. However, we have heard of thousands of lucky ones, and we propose to let their secret out. They were people broken down in health, suffering with liver, blood and skin diseases, scrofula, dropsy, and consumption, and were lucky enough to hear of and were enough to use Dr. Pierce's "Golden Medical Discovery," the sovereign blood purifier, tonic and alterative of the age.

**Advice to Mothers.**  
Mrs. Winslow's Sore Throat Remedy should be used for children to which it is so well adapted. It cures whooping cough, croup, and all the ailments of infancy, and is the best remedy for diarrhoea, wind, colic, and all the ailments of infancy.

## THE MULLEN MYSTERY.

DEVELOPMENTS IN THE BALTIMORE BOSTON POISONING PLOT.

Mrs. Coolidge, the Alleged Conspirator Arraigned in Court—Her Husband's Dismissal—Young Mullen Taken—His Father's Whereabouts.

BOSTON, Oct. 28.—A Baltimore special to The Herald says that the developments in the conspiracy to murder a young wife are causing a profound sensation. The father-in-law in the case, who is alleged to be the ringleader, is William A. L. Mullen, proprietor of the St. James hotel. He was once a clerk in a Baltimore hotel, and after ward conducted two prominent hotels here. He also has served as a clerk in a hotel at Washington. It is said that, although extremely wealthy, he really is not so. He has not been found, or he would at once be arrested.

Edward Mullen, his son, is 35 years old. He was married on April 14 to Mary J. Smarost, by the Rev. A. A. Curtis, one of the most distinguished clergymen in this city. Their child was 9 months old at the time of the marriage. The young man expresses the deepest sorrow at the developments, and, it is said, refuses to believe the story. He knows nothing of the matter and he is trying to keep it from her, as also from his mother, who is one of the finest ladies in Baltimore, and who has never been informed of her husband's marriage or the birth of his child.

Young Mullen and wife lived at 514 North Eutaw street, under the name of Mr. and Mrs. Edward Lister, for the purpose of concealing their identity. No better arranged house for the conducting of a secret scheme could be made to order. There is a grocery store under the house. The upper part is conducted by a woman as a lodging-house. The door to the neighborhood knew nothing of the Mullen, alias Lister, and the keeper of the lodging-house is more than reticent—she is dumb.

The way the Coolidge woman became connected with the case can not be definitely learned, but it is said that she acted as midwife at the time of the birth of the child.

Mrs. Anna A. Coolidge, "the blonde," under arrest here for conspiracy to "murder" Mrs. Charles J. Mullen, of Baltimore, was kept closely secluded Tuesday. She was allowed no interview with her husband, and at 3 p. m. she was arraigned on a charge of conspiracy to murder. She was placed in a black-clad velvet dress, while surmounting her beautiful blonde head was a grayish-colored straw hat trimmed with feathers. She was a sister but not a friend of the Mullen, alias Lister, and she had undergone during her incarceration.

The complainant, in effect, charged the defendant, Anna A. Coolidge, with soliciting and inducing to commit murder. The case was continued until Dec. 11, the prisoner being held in \$5,000 bail, which it is understood, was furnished last night.

Other Coolidge, in conversation, said that he could not understand how his wife—who was so refined and lady-like—could ever have been in contact with such a villain as those said to be connected with the case. He said that the whole matter was a mystery to him. He said that he had followed her to the grave. He said that he had followed her to the grave. He said that he had followed her to the grave.

BALTIMORE, Oct. 28.—A United Press representative had an interview with young Mr. Mullen Tuesday night with regard to the case. He said that the whole matter was a mystery to him. He said that he had followed her to the grave. He said that he had followed her to the grave. He said that he had followed her to the grave.

Mr. Mullen says he does not know Mrs. Emma Coolidge, of Boston, and never heard of her before. He says the idea that attempts were made to poison his wife. He admits that his wife was ill for some time at the St. James hotel (which was managed by his father), Cape May, last summer, but claims that it was due to perfectly natural causes. He was married two years ago, he says, but does not remember the date.

It is learned from private sources that the younger Mr. Mullen and his wife's family, there is no intercourse whatever between them. The young people living by themselves on Eutaw street.

Assistant District Attorney Deacy, of Boston, has been here in consultation with the chief of police and the state attorney. Tuesday night he had a long conference with State Attorney Kerr and Deputy Gans. All the gentlemen are at close-mouthed as oysters on the subject of the case. They are all agreed, it is reported that the advisability of making an arrest was discussed.

**Watching a Cargo of Bags.**  
PHILADELPHIA, Oct. 28.—Dr. Benjamin Lee and J. D. Duley, of the state board of health, appeared before the board of health of this city, at their meeting Tuesday afternoon, in reference to the cargo of bags which arrived in New York harbor some days ago by the ship Lucy A. Nicholas from Japan, and which, it is alleged, is about being reshipped to parties in this city. The matter was discussed by Dr. N. A. Bell, of New York city, Dr. Lefran, the port physician, and others. The subject was finally referred to the Legerette committee to thoroughly inquire into the matter and report at the next meeting of the board.

**Methodist Home Mission Conference.**  
PHILADELPHIA, Oct. 28.—In the Methodist Home Mission conference Tuesday, Mrs. ex-President Hayes read a letter from the conference of Little Rock university, advocating the establishing of schools for household instruction in the south. Mrs. Col. Springer, of Iowa, gave a descriptive report of the work of the northwestern frontier. Mrs. Hayes introduced Bishop Fowler, of New York, who addressed the meeting briefly.

**John Roach's Ship Yards Sold.**  
NEW YORK, Oct. 28.—The shipyard of John Roach, containing twenty-four full city lots, the buildings, and four houses on upper Fifth avenue, were sold Tuesday for \$310,000. The prices realized were fully up to the asking price.

**Spanish Republicans Banished.**  
LISBON, Oct. 28.—The Portuguese government has banished to the Azores islands twenty Spanish exiles, who were discovered to be engaged, in this city, in a plot to establish a republic in Spain.

**Nervous Prostration.**  
You are allowed three days of perfect rest by the use of Dr. Dyer's Celebrated Voltaic Belt with Electric Impulse Appliances, for the speedy relief and permanent cure of Nervous Debility, loss of Vitality and Manhood, and all kindred troubles. Also, for many other diseases. Complete restoration to health, vigor and manhood guaranteed. No risk incurred. Illustrated pamphlet, with full information, sent free, mailed free by addressing Voltaic Belt Co., Marshall, Mich. Cash—Quarterly.

**FREE TRIAL.**  
Thousands of cases of Nervous Debility, nervous prostration, results of indiscretion or excess or any cause, cured by Dyer's. Strong faith that it will cure every case prompts us to send a trial package on receipt of 10 cents for postage. Dr. J. H. A. G. Dyer Co., 180 N. Washington St., Box 244, Chicago, Illinois. Cash—Quarterly.

## COMMERCIAL NEWS.

## MISCELLANEOUS ADVERTISEMENTS.

## THE BADGER!

## COOKING STOVE & RANGE

Has been in the market long enough to demonstrate that it has no equal, 250 of these popular stoves are now in use in Janesville and Rock county and they are giving universal satisfaction. If you want a cook stove or range, examine the Badger thoroughly before you buy and you will be convinced that it leads all others in point of merit.

## FURNACES.

The Fuller & Warren company's Top Return Flue Furnace is the latest improved furnace in the market and has no superior as a house heater. It contains all the good points of the popular "Ruby" made by the same company, with many improvements added.

## THE SPLENDID.

Among the many base burners, the Splendid occupies a conspicuous place and is acknowledged first class in every respect. It is highly ornamental in design and a wonderful heater. Examine the Splendid before you buy a coal burner and buy no other.

## The Round Oak.

Wood Stove is unsurpassed in point of excellence. With a large and complete line of GENERAL HARDWARE and the above named specialties I am fully prepared for the fall and winter trade of 1885.

**JOHN GRIFFITHS, Janesville, Wis.**  
P. S. I also have a fine line of Phaetons, open and top Buggies, Platform Spring and Lumber Wagons, at prices that will interest parties in want of this class of goods.

## A Study for Years!

Over 2,000 cases of Consumption successfully treated. Over 3,000 cases of Kidney Diseases treated. Over 5,000 cases Liver Disease now live to tell of a complete restoration to health. Over 3,000 cases of Heart Disease can be cited as monuments of a successful treatment.

## CANCERS OLD SORES, TUMORS &c

Chronic Diseases of the Throat, Lungs, Heart, Stomach, Liver, Kidneys, Blood and Nerves. Indications of cure treated on an entire new and original plan, with great success.

## VANKIRK BROTHERS.

## CANNED GOODS.

Now that the berry and fruit season is past, we offer you the same choice selections in Canned Fruits and Vegetables. Call and examine.

## STOVES, STOVES!

We are now ready for the Stove campaign of 1885. Our Stock is complete in every department. We make a specialty of the Thatcher Furnace, the Westminster, Acorn, and Royal Argand Stoves and Ranges.

**OUR GUN DEPARTMENT.**  
Is under the management of Mr. F. P. Stannard. Rebores a specialty. Guns to rent.

## MISCELLANEOUS ADVERTISEMENTS.

## CHICAGO BARGAIN STORE.

The store for the people, the largest store in Janesville, 16,600 square feet covered with the largest and finest line of general goods ever shown in Janesville and at prices that tell the story of our popularity and immense trade.

14 polite and intelligent sales folk to wait on our customers, and all treated alike. We never before have been able to show such a display of goods from the medium to the very finest grades, consisting of as good a line of Clothing for men, boys and children, Overcoats, Hats, Caps, Trunks and Valises, Fine Dress Goods, Flannels, Blankets, Shawls, Cloaks, of every description.

Yarns, Hosiery, Silks, Satins, Underwear, Velvet, all the novelties in Dress Goods, Notions, Fancy Goods, Tinware, Glassware and 25 departments of different kinds of goods.

We have the boss store and boss prices and will convince you upon inspection, that we are what we claim to be, the only genuine bargain store in Janesville. Bargains in floor Oil Cloths.

## CHICAGO BARGAIN STORE.

West Milwaukee Sts., corner of River, in the store formerly occupied by McKey & Bros.

W. W. Hall, M. D., the editor of the Journal of Health published in New York, and a recognized authority on medical subjects, has the following to say of medicines used for coughs:

"The remedies for coughs, colds and consumption are innumerable, the combinations of ingredients are infinite; but if the reader is observant, he will find not one in a hundred will cure, which does not contain Opium in the form of Paregoric, Laudanum or Morphia, producing every year water on the brain in multitudes of children and apoplexy, or ruinous results to the digestive organs of adults. Intelligent druggists know that all medicines sold for coughs, colds, croup, and all the ailments of the throat, contain Opium in some form or other. They repress the cough, but do not eradicate it; hence the first purchase paves the way for a second or third."

## POISON!

And, as it is the essential nature of Opium to close up, to deaden the sensibilities—constipation is induced, and becomes the immediate cause of three-fourths of all ordinary ailments, such as headache, neuralgia, dyspepsia and piles."

We give our positive guarantee that COLLIS' CHERRY COUGH CURE contains no Chloroform, Tartar Emetic, preparations of Opium, or other Narcotic, and may be administered to children with perfect safety. Unlike the Opium Cough Medicines generally sold, which tend but momentarily to relieve the cough, this is a remedy that does not dry up a cough and leave the disease behind it, but strikes directly at the cause, carries off all the phlegm accumulated in the Lungs and Throat, and heals them. For sale by PRENTICE & EYENSON, Druggists, opposite Post Office, Janesville.

## POISON!

And, as it is the essential nature of Opium to close up, to deaden the sensibilities—constipation is induced, and becomes the immediate cause of three-fourths of all ordinary ailments, such as headache, neuralgia, dyspepsia and piles."

We give our positive guarantee that COLLIS' CHERRY COUGH CURE contains no Chloroform, Tartar Emetic, preparations of Opium, or other Narcotic, and may be administered to children with perfect safety. Unlike the Opium Cough Medicines generally sold, which tend but momentarily to relieve the cough, this is a remedy that does not dry up a cough and leave the disease behind it, but strikes directly at the cause, carries off all the phlegm accumulated in the Lungs and Throat, and heals them. For sale by PRENTICE & EYENSON, Druggists, opposite Post Office, Janesville.

## PLAYING FERDINAND.

EX-BANKER FISH CONTINUES HIS TESTIMONY.

Description of His Last Interview with the Great Crook—How the Young Man Crouched on the Floor—Dashed—His Startling Statement.

New York, Oct. 28.—James D. Fish, ex-president of the Marine bank, was on the stand in the trial of Ferdinand Ward nearly all day Tuesday, testifying to the planning of the Marine bank and the part played by the defendant in the fraud. An important fact brought out was that at the time the alleged fraudulent check for \$71,000 on the First National bank was deposited in the Marine bank, Ward had only \$2,000 in the former institution. That Ward's account at the Marine bank was overdrawn \$22,545 on the evening of May 8, 1894, was another important part of the testimony. Mr. Fish testified a large number of letters that passed between himself and Ward. In his replies to the questions he spoke in an emphatic and positive manner. He appeared to carry decided weight, and aroused not a little sympathy. His testimony as to the Marine bank's strained condition preceding the failure was another important part of the examination. Every movement of the witness was watched by the spectators with intense interest. When, as on several occasions, his anger was aroused at questions put to him by the counsel for the defense, it was plain that public sympathy was with him, and when in reply to the question what his occupation was, he spoke up sharply and defiantly "A convict," there was a sensation throughout the court.

The day was important in the case, as wearing more closely about Ward the net which is fast closing upon him. The examination for the people was conducted by Assistant District Attorney Nichols, and in the afternoon the case was taken up by Tracy conducted the case for Ward. During Fish's examination Mr. Cochran made a reduction upon the witness, which evoked an immediate rebuke from Judge Barrett. The judge said that the witness was entitled to the full protection of the court, no matter what his position was.

In the course of his examination Fish testified that the last time he saw Ward was three or four days after the failure. "Ward came to me and wanted to make an explanation about the failure, and that he couldn't help it. I told him that his failure was his own fault, and that he had ruined my family. He said that he had been building up for years. I raised a chair over his head and said that if he was not such a disgraceful, sneaking villain and reptile, I'd kill him on the spot."

Mr. Nichols then asked him if he saw Mr. Fish—He crouched on the floor like a whipped puppy and begged me to spare his life. I used the strongest language I could. He was more cowering than even as he sits now. I told him he had ruined my family, and that he would be rid of his presence. While Fish delivered himself of these remarks, Ward's face flushed and he did not look up at the old man who was denouncing him so bitterly. Fish's testimony was a scene of a routine nature, and he soon afterward retired from the stand.

Knows Where the Money Went.

New York, Oct. 28.—The New York Star, District Attorney Dorsheimer's newspaper, recently had a sharp editorial, saying that all the persons are known into whose hands went the money of Grant & Ward, and that "every cent of the money profits can be traced." It calls upon these persons to restore the money.

"I mean every word in that article," said Mr. Dorsheimer. "I have the names, and shall continue to find the guilty man who I have possession of them. If they do not make restitution to the Grant family I will expose them. I will compel them to give back their wicked gains by process of law. I have not consumed my life of years with them on the Grant fraud, and I will not let them off. I believe that there are members of that association who were engaged in the wrong, and are now in possession of the spoils."

Trouble Brewing at the Mines.

Fresno, Oct. 28.—News from the fourth pool indicates an interesting story in the miners' strike. About twenty men went to work Tuesday morning at California, for the purpose of finishing a boat under the tunnel. Thirty or forty strikers, however, prevented them from doing so, and threatened to turn back. A few returned home, but the majority went to work. Officer McClure attempted to arrest the leaders of the strikers, but they defied him. So then proceeded to the mine and fired their guns. One ball passed through Walker's left arm into his body, the other entered his back, near the right shoulder. He was brought to town where he died Tuesday evening. Harris is still at large.

Examining Our Facilities for Making Bids.

PHILADELPHIA, Oct. 28.—The national fortification board which went to Harrisburg Monday evening visited the Pennsylvania steel works at Steelton Tuesday. Their purpose is to collect information for congress to build steel and iron plants in the country. The board is composed of a manufacturing steel for armor and heavy ordnance. The board returned to the city Tuesday evening.

The Plotted Plot in Wisconsin.

MILWAUKEE, Wis., Oct. 28.—Small-pox has made its appearance at Colman, a small station on the Milwaukee & Northern railroad, in Marinette county. As in Marinette, the disease was introduced by French-Canadians from Montreal, a family from the latter city having been allowed to pass through Detroit on their way. There are now four cases in the family, and many unvaccinated persons have been exposed.

Mrs. Grant Grieved.

PHILADELPHIA, Oct. 28.—The widow of Gen. Grant has been greatly grieved and pained by the public discussion of the domestic affairs of her daughter, Mrs. Julia Sartoris. The Public Ledger is authorized to say that all reports to the effect that Mrs. Sartoris has applied or contemplates applying for divorce or separation from her husband are entirely without foundation and cruel wounds to her feelings.

Knicker's America saved.

The best save in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, burns, scalds, bites, chafes, chilblains, and all skin eruptions, and is positively cures, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by F. Sherer & Co.

Practice E. Evenson guarantees positive relief for any cough, cold, croup, or long complaint by using the English Remedy, or will refund the money.

Go to Eldred's drug store on Main street for pure drugs and medicines.

If you wish a certain cure for all Blood diseases. Nothing was ever invented that will cleanse the Blood and purify the system so quickly as **WATERBURY'S KIDNEY PILLS** and **WATERBURY'S BLOOD PURIFIER**. It tones up the system, puts new Blood in your veins, cures your lost sleep, restores your appetite, and brings you perfect health. It cures falls to give relief in all cases of Kidney or Liver Trouble, Biliousness, Constipation, Sick Headaches, Dyspepsia, Nervous disorders, and all Female Complaints, when medicine fails.

in this and other Western States. It is the best  
 combination of vegetable compounds that has  
 been discovered for the restoration to health of the  
 Weak and Debilitated. Do not get cheap  
 and "WATER" Bitters confused with the supe-  
 rior preparations of similar name. I prescribe  
 Hops & Malt Bitters regularly in my practice.
